Guidance Notes For Tenants

Check Out Report

The property will be inspected as thoroughly upon check out as it was upon check in. Obvious or significant discrepancies will be reported to the Managing Agent/Landlord. The report will record all damaged/soiled/missing items and whether in the opinion of the Clerk, the tenant is responsible and thus liable for charges. However, the law allows for Fair Wear & Tear and this will be taken into consideration when the Check Out report is compiled.

If professionally cleaned at the commencement of the tenancy, the property must be professionally cleaned (or of a similar standard) for the check out. Particular areas of note are: Sanitary ware, carpets and kitchen appliances/white goods/cupboards and work surfaces. Gardens must be left in accordance with the tenancy agreement otherwise charges may be added to the Check Out report.

At the end of the tenancy all items should be ready and in the same location as listed in the Inventory. Failure to do so will result in handling charges being passed on to the tenant. Where items have not been returned to their original position and are not easily seen they made be noted as "Not Seen" on the Check Out and their replacement may be charged for. All beds should be left unmade with the linen folded. Bedding and linen should be clean and ironed where relevant. Beds (bases & mattresses) and pillows will be examined for staining and damage not previously noted on the inventory. Charges will be made in the form of cleaning charges, compensation or a percentage of the replacement cost as appropriate.

Charges may be added to the Check Out Report if marking to walls and woodwork is found to be excessive and if crockery, china, glassware and utensils are found to be chipped cracked, burnt or soiled beyond what is considered Fair Wear & Tear. If the property is furnished all items will be checked for damage and charges may be incurred if damage is considered beyond Fair Wear & Tear. At the allotted time of Check Out all cleaning must be completed, personal items removed and keys handed over. Failure to comply will result in the clerk aborting the call and further charges being added to the Check Out Report.

The Inventory Clerk acts as an independent and reasonable body and will avoid any unnecessary criticism or derogatory comments when compiling the inventory and check out report.
